PRESIDENT'S MESSAGE

The role of president has been both a rewanding and challenging job to me. The year has enabled me to make many good friends and meet many people that would otherwise have remained strangers. The memorable experiences I have encountered this year helped me realize that learning is not confined to the classroom. My years at good'ole R. H. S. have had their ups and downs but I feel that ours is a school which holds many "ups" for all. My final hope is that with the excellent help from the executive, class reps, and spirited support from the school, we have done for the school a fraction of what the school has done for all of us.

Graduation Prayer

Thank you God

For Yesterday ~
When we came here scared of what we might find. To start a new era of our lives that changed and touched each and everyone of us differently, yet the same.

For Today ~
When we stand before proud parents and friends to accepts the rewards of hard work and devoted study.

For Tomorrow ~
When we shall accept the challenges presented to us to prove to ourselves and others that yesterday and today were not wasted, but stepping stones to the future.

Amen

Principal's Message

TO THE GRADUATING CLASS OF 1977

I hope that we have not just taught you how to recite the past and how to repeat past performances but that we have also prepared you to think and to develop new ideas yourselves, or at least to be ready for new developments created by others.

I am asking you to spend as much of your future time in education finding out what is not yet known as on what is known. If you obey my request, you will become creative in something. You will find that the more creative an idea you have at any stage of your life, the more likely you are to be in trouble. You will be alone because you will be the only one in the world with this idea at that moment. You will probably not be surrounded by much understanding, let alone encouragement and support. But you must persevere.

The information and ideas that are trying to be heard just may include things that will help cure some of the sicknesses in our world, in our organizations, and in ourselves.

I wish you success in your future endeavors.

Albert E. Dewitt
Principal

Grad Executive

Going up: Jane Mitton, President; Ms. Murray, Advisor; Peter Murnaghan, Vice-President; Mrs. Artichuk, Advisor; Candy Gallant, Treasurer; Nancy Plant, Secretary.

During 1977, our Grad Class had a good financial year, because of our additional means of fund raising.

The Graduation Class Executive would like to thank everyone who helped us make this one of the best graduations Riverview has ever seen.

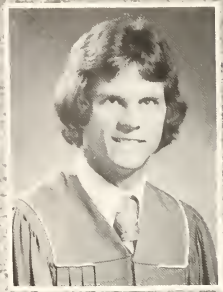
We would also like to thank our advisors Mrs. Artichuk and Ms. Murray for their guidance and support.

I would like to thank everyone in the graduation class who helped to make this a successful year. I would also like to wish everyone the best of luck in the future.

Jane Mitton
President

"Good luck Grads" - C. I. S., CO-OP FARM SERVICES, WOOLWORTH'S, R & A SPORTS.

Our Valedictorian



Graduation is a time of mixed emotions. Pride, happiness, sadness, accomplishment, and fear are all experienced at this time. There is a feeling of pride from the school. There is the happiness of having classmates and relatives around to help make this happy occasion even better. There is a sadness in leaving the old school and saying good-bye to your many friends and teachers. There is the individual accomplishment of successfully completing twelve years of preparation for life. And at last there is fear. There is a fear of the unknown, of what the future holds for each of us.

For myself, I would like to wish each and every grad the best of luck in the future and hope that fortune will shine brightly upon all of you.

Brian Mark

This page compliments of CHARLES WAYNE PHOTOGRAPHY.

ROGER WILLIAM AIREY

Roger known to some as "Q. T." has certainly lived up to his nickname. His enjoyments and pastimes are to be assumed but not mentioned. He certainly is a regular in R. H. S. halls . . . or shall we say he has enrolled a great number of years. What Roger has in mind for the future lies somewhere out in the trade field; and for the present, he is concentrating on a graduation diploma. Roger is one to be looked up to for his happy disposition on life. Best of luck!

RODD MASON ALLABY

"Where's the food?" Rodd, alias "Awful", is a devoted 12A follower. He has been roaming the halls of Riverview schools for 12 years. His main interests are his green gables car and trips to McDonald's, A & W or anything that is open. In the future Rodd hopes to go to Agricultural College in Truro and become a farmer. Best of luck, Rodd!

DANIEL DOUGLAS ANDERSON

"Alds", as he is commonly called, has roamed the halls of Riverview Schools since grade one. Dan, the all round jock that he is, has in his high school days participated in hockey, basketball, football, badminton and tennis and has contributed greatly in all of them. Other spare time is taken up with part-time jobs or practicing on his drums. Danny has become "notorious" from certain hockey trips for his uncanny ability to get in some form of trouble. His dislikes include water sprinklers, hotel elevators and hernias. Best of luck at St. F. X.!

DEBORAH LEE ANDERSON

"Don't ask me, I don't know!" Debbie, known to most of her friends as Shorty, just started roaming the halls of good ole R. H. S. this year. She moved to Riverview during the summer from Belleview, Ontario. Her Likes Include: A good party, Friday nights, and her dog, Pepper. Her Dislikes Include: Nasty rumors and gossipy people. Deb's plans for the future are undecided but we wish her lots of luck in whatever she does.

WILLIAM WARD ANGEL

Ward has been roaming around the halls of the high school for four years. Known to his friends as "Weird Ward", he has been in the Y. P. C. for part of this school year. He also takes pride in his stereo, which he flashes a lot at special events in the school. On the weekends he has a habit of saying "I'll drink to that." Next year we will see Ward working and saving to get through Fanshaw so he can become one of Moncton's big D. J.'s. Best of luck in whatever you do.

I never who have made
it through Grade 12
without the knowledge
I obtain from you
Robert Ayer R.F.B.

ROBERT JEFFREY AYER

"Where's room 205?" Robert, a 12 C'er has been lost in the halls of R. H. S. for the last 4 years. The bearded wonder or "Wobbert the Wabbit" can be found betting (illegally) on gerbal races (and losing) and the rest of his time seems to be taken up in finding his way to class. He is an avid hockey player and this year defected to the Dieppe Voyageurs. Robert is our resident gun freak. If you ever find your way out of here, Good Luck in the future, Rob.

LESLIE STEWARD BASE

Les came to R. H. S. this year from Ontario, and it is evident Ontario's loss is our gain. Les' likes include art and women. His dislikes include math and having his car stall. Les' life ambition is to be a bachelor and hopefully attend Nova Scotia Fine Arts and Design. From the Grads of "77", the best of luck!

STEVEN FRANK BASE

Riverview had the pleasure of welcoming Steve as the "better half" (?) of a set of twins from Guelph, Ontario only last September. He lost no time in becoming very special to everyone at R. H. S., displaying fantastic school spirit at football games, wrestling for the school team and lending a helping hand and voice at Grad class activities. Next year, what little there is of him will be attending university in Ontario to study Physical Education. Whatever the future holds for you Steve, always remember that we at R. H. S. will remember you.

WAYNE GREGORY BEAMAN

"I fail to see the humour in that statement" is a famous quote often used by Greg as he has been subject to many sick jokes during his last four years at R. H. S. After departure from our glorious school, he plans to go to Tech. and pursue a course in Electronics (which is probably another joke). When he leaves, you will probably see him looking for two black sneakers for the big green machine. So, may whatever you do in the future be successful!

LUANNE MARIE BELLIVEAU

Here is a definition of active. She is a five foot six bundle of energy, that does not know the word quiet. Luanne is constantly active with her part-time job, school activities and, oh yes, her friends. She has been seen running in a carnival pageant, running for a student government position, and just generally lending a hand. Good Luck in whatever the future holds in store for you, Lu.

LINDA MARIE BERRY

Linda Berry has spent all her life in the Riverview area. She is very interested in sports and would like to see gym a compulsory course. One of her favorite sports is Karate but, sorry to say, her studies have interrupted her training this year. Linda plans to be a teacher but if she finds that is not her thing she is going to catch a plane for Regina and commence an R. C. M. P. career instead. The Grads' of '77 wish you the best of luck.

SUSAN ELIZABETH BETTS

"Come on you guys . . . " Sue has been dribbling around the halls of R. H. S. for 5 tall years, overseeing everyone. She is involved in volleyball, basketball and football. It's great to get a drive home with Sue for she believes in driving up the back steps. Where did you get your license? Sue's likes include Bridgewater, mourning music, foreign cars and tall, dark guys. Sue's future plans are to attend U. N. B. and become a nurse. Good luck from the Grad's of '77!

RUSSELL WINTHROP BISHOP

Russ (Cool) is a true native of Riverview and has spent most of his high school years at R. H. S. Cool's likes include parties, skiing, buying teddy bears and Carolyn (not necessarily in that order!) He hasn't many dislikes except school and his goggles. Although well known for his golf and his flunking, Russ is a familiar figure driving his latest car or sleepwalking through the halls. The future is a little unsure but next year might see him at the Tech. The grads of R. H. S. wish him lots of luck in whatever he does.

ROBERT JOHN BLANK

Bob is better known around R. H. S. as "RWAI", for obvious reasons. Rwai can be seen bombing down the road in his Firebird or else in the ditch. He usually spends his weekends at the C. R. and is always trying to chase the girls (but doesn't succeed). After High School, he plans to go to N. B. I. T. and take mechanical engineering. Good luck Rwai, we know you will try hard.

BARRY LOCKHART BLIGHT

"If it doesn't work right its not mine. " Barry has lived in Riverview all his 17 years. His interests lie in bikes, skiing, Y. M. C. A. leader corps, and a certain someone attending ST. FXU. His likes include warm beaches, apple wine, and driving his Honda in the snow. His Dislikes include: Math, remedial English classes, and getting up in the morning. Barry plans to attend U. N. B. in the fall to study Business Administration. Best of Luck in the future, Barry.

GARY ALAN BOWNESS

"What do ya want the tape for?" Gary is a familiar face in R. H. S. This year Stoneface was the trainer for the Royals and was active in hockey, and playing on the Junior Blues. Seldom a day goes by without seeing Gary and a certain someone roaming the halls trying to look romantic. His dislikes are mouthy football players, inappropiate nicknames and English essays. His likes include listening to music, a beautiful woman and a quiet night, not necessarily in that order. Gary's future is undecided but he hopes to go to N. B. I. T. for a management course. Whatever he decides on, the Grad Class of "77" wishes him luck.

COLIN GREGORY BOYD

Colin, known to his better friends as "bogey", has inhabited R. H. S. for 4 years. As a student director for drama, Colin also finds time for Track and Field, skiing and being a proud member of "12B". Part of Colin's summers find him with the beautiful blondes in the States, while the rest of the year he spends in Riverview with the local action. His plans for the future include St. F. X. and the University of Maine, where he will hopefully receive his Doctor's degree in psychology. Best of luck and our love from the Grads of "77".

PETER BLAKE BRIGGS

Peter plans to move onward and upward to Mount Allison for a prearchitecture course and then is off to Nova Scotia to complete his degree. As a hockey coach, Peter can tell you that it is no fun to have little kids and parents screaming at you at six o'clock on a Saturday morning. Good luck in the future, Peter!

STEPHAN GERARD BROWN

Around R. H. S., Stephan is better known as Bud. His Favorite Things Are: Led Zeppelin, a girl, hockey, and driving the "orange bomb", but not necessarily in that order. Bud looks forward to a fun filled weekend (every weekend) and treating his friends at the good ol' C. R. Steve plans to take Electrical Engineering at N. B. I. T. in the fall. Good luck in the future, Steve.

JUDITH BARBARA BRYENTON

"Your kidding." Jude has lived in Riverview for 8 years. She was imported to our fair town from the bustling town of Newcastle. She has been a member on the basketball, volleyball and football teams as well as being an active participant in the intermurals program. Her interests include all sports, arguments, and most of all a certain male. Next year we will see her studying to become a dental assistant or a secretary. The Grads of "77" wish you the best of luck.

ROBERT ALLAN BUREAUX

Bob has lived in Riverview for 10 years. He is interested in football, wrestling, and playing a few other games?? His great dislikes include Chemistry classes, chemistry labs, chemistry tests, chemistry homework and anything having to do with H. T. H. S. In the winter Bob is known as the great Root Bear because of his giant raccoon coat. This year Bob tried to coach the girls football team. Can't win em all Bob!! Bob likes include Chinese food and starry nights in Fundy Park . . . ! Bob's future is undecided but the Grad's of '77 are sure that whatever he does will be a success. Good luck, Bob!

BETH ALLISON BURGESS

Beth, alias Bethie, has lived in Riverview most of her life and has attended good old R. H. S. for the past four years. Her likes include Volkswagons and shy guys, especially when they are also tall, dark, handsome and rich. Beth can be seen singing in the choir, editing our great yearbook and working as a student policeman. Beth plans to attend St. F. X. next year hoping eventually to become a physiotherapist. Don't ever forget racing, hockey games and long talks on the beach. Best of Luck from the Grads of "77"!

TODD CAREY BURGESS

"What's a week without a weekend?" Toddy's favourite pastimes include music, money, Friday nights and some unmentionables. He hopes to attend U. N. B. in a business course next fall. Good luck, Toddy.

PAUL EDMUND BURNS

"The Bearded Wonder!" Paul has been with us for his entire high school years. The "Bearded One" has been trying since 9 years old to accomplish a growth and has finally succeeded. He can be seen trucking through the halls looking for his "afternoon delight". Paul is looking forward to studying surveying and engineering at U. N. B. R. H. S. wishes you the best of luck, Paul.

ENRICO BRUNO CARACRISTI

Known as "Christi" to the football team and "Henry" to his friends, he is the good-looking Italian who moved here from Italy 10 years ago. He has been trucking the halls of R. H. S. for the past 5 years and still doesn't know his way around. For the past 2 years he has graced the Royals with his ability as defensive half. Henry is also known for convenient tackles at the feet of our mini-skirted cheerleaders. In the future he hopes to study engineering at Saint Mary's. We of R. H. S. wish Henry the best of luck in the future.

GREGORY PHILLIP CARREAU

Greg, the man with the money, can often be seen with a case of his favorite beverage or sitting back, with his feet up, at a well-known establishment. Greg has been walking the halls of R. H. S. for the past 5 years. Like most of the decent people of Riverview, Greg is always out to find a good party and also enjoys an occasional trip to Fredericton. We wish you the best of luck at Yale!

Crubs can usually be seen running to catch the milkman everyday around lunch. She was a member of the cheerleading squad for 2 years, on the girls football team, on the yearbook executive, and almost every committee that ever existed at R. H. S. Cindy's plans for the future are attending university but she isn't sure which one. Whatever she does we know she will be a success so, good luck, Crubs!

DALE RONALD CARTER

JOSEPH BRIAN CLEMENTS

"Can you spare me a dime . . . I'm a little short?" Joe, one of the smaller members of the Grad class has lived in Riverview for 18 "short" years. He is an avid snowmobiler and can be seen driving around in his '67 Acadian. Joe plans to attend Mount A. in the fall to study mechanical engineering. All the best in the future!

MICHAEL BOYD CLORY

"Would you ask her for me?" After a brief period of bouncing back and forth from Riverview to Ottawa, Mike finally came to rest in grade 10 and has been booting around R.H.S. ever since. As number 10 in his second year's service to the Royals; Mike also found an outlet for his sadistic tendencies in his three years of wrestling. His spare time is spent drowning the best of swimmers under the guise of lifeguard at the Moncton YMCA. Should he ever get out of the grand old school, Mike plans on going to Dal or St. F.X. (both are worried already). Well, keep pitchin' Mike, you are bound to win one of these days!

DAVID ANTHONY COGGER

Dave's favourite day for doing things is Monday. The reason he says is "I'm not awake enough from the weekend to worry about what I'm doing". Dave entered the world on a Monday and bought his van (ha, ha,), and stereo on a Monday. Now I'm sure he wasn't awake. Dave passes his time at McDonald's, running around in a funny green suit and snowshoeing. Other hobbies include rock concerts, vanning, music and listening to Kiss. Good luck, from the Grads of '77!

CHRIS MICHEAL COLLINS

After his years at R.H.S. Chris knows better than anyone else how to avoid classrooms and roam halls. His special hallway act is disappearing (who knows how) whenever a teacher appears. Chris saves his energy for weekends, golf and hockey. Golf is Chris' main interest and he hopes to spend the rest of his life on the course. And we are all sure that this always steady member of our school golf team will do well - providing he curves his slice.

STEVEN WAYNE MacDONALD
Mickey, an alias given to him in grade one, is known only be this name. Even he forgets his real name Ted, er . . . Steven. Mickey's hobbies are eating, playing sports, and Denise, not necessarily in that order. Mickey has plans of going to Acadia to take up the study of Recreation or working in a Siberian Health Spa. Either way, we wish him the best of luck.

BARRY WALKER MacKAY
"Lets go over to Chris's for a soda. " Barry arrived from the metropolis of Stellarton of N. S. ten years ago. In those ten years he left his mark in Hockey, football, but mainly in the motorcycle field, as he is the only one to make a direct hit on the Dairy. He can usually be seen on weekends pumping gas at the Riverview Esso. His likes include Yamahas, G. M. Vehicles, and females in general. She plans on furthering her education with one year at A. B. C., then, on to Mt. A. So to a very special 5' 2" "short stuff", good luck from the class of '77 and may God bless you in every task you undertake for Him.

ANN LOUISE MARSHALL

"Yeah, but you were in the front, Ann . . . ! Ann, who is one of the more electrifying members of the grad class, has become known as Toni or Bird to her friends. She came to R. H. S. in Grade 10 and has been seen tripping around the halls ever since. In her spare time, Toni can be found camping-out in Shediac in May, taking frequent trips to Chatham with a certain hunk named Ronnie, and enjoying super-fantastic parties. Remember the fun, and best of luck in whatever you choose in your future, from the Grads of '77.

DAVID LANCE MARTIN

You know you're in Riverview when you stumble across Lance, a little unsteady, and snapping pictures with his ever-present camera. If you don't find Lance bombing around on his ski-doo, he will either be outside having a butt, at the side of the school socializing, or in class asking oddly intelligent questions. We can see a future for Lance, working for Playboy as a photographer. All we can say is "Bunnies of the world, beware!" The Grads of "77" wish the best of luck.

Ricky. THE COPS!

Next year we'll see Rhoda attending university- somewhere! All the luck in the future from the grads of '77.

RODERICK DONALD MARTIN

Blonde "six foot two, eyes of blue". When you don't see him in hysterics in the Student Government Office or roaming in his blue bomb, "Pink" usually can be discovered over at U. de M. making swipes at tennis balls, or else filling his shopping cart at the "store". This year's Student Government President is a trademark at assemblies and Ms. Murray's room after 3:15! Next year U. of Florida or Dal. will be blessed with the future "Dr. Pink", but wherever he goes the best of love and luck go with him from the class of '77!

PATRICIA ANNE TRITES

"Hey Greaseball!" Tritsy has been bopping around the halls of good old RHS for all of her school years. She can usually be seen in a short red skirt, yelling her lungs out for our fabulous football team, or out on the football field herself, playing for the girls football team. Patti also helped to organize the Grad's of '77's takeout supper. Best of luck in all you attempt, Patti. Keep smiling!

WESLEY ALFRED VIRTUE

"What's New . . . " Wess often utters this question to many of his friends and the answers often are New York, New Brunswick and New Jersey. Wess has wrestled for R. H. S. since grade 10 and enjoys the challenge. He was a member of the fabulous Royals this year playing offensive line. When not studying, Wess can be seen driving around in a half ton or trying to lose weight. Wess hopes to attend Acadia and take engineering. Good luck.

DANIEL CURTIS WALTHERS

Dan, known as "Waffs" has been wandering the halls of R. H. S. for the past 5 years. After 3 summers of working for E. P. A., he is still undecided as to what he will do after graduation. One of the things he will probably be doing is popping quarters into pinball machines as this seems to be his favorite pastime. Don't be surprised if he asks you to buy an old beat up Viva! Whatever you decide to do, Dan, good luck from the Grad Class.

CLARA JEAN WILMA WARD

"Where's the party?" Clara Jean Wilma Ward has been living in Riverview all of her 18 years. Clara is a great talker, as all of her friends and her teachers know. She is well known for taking many holidays within each year and school week. Some of her favorite things include a good party, pizzas, and having a good time. Her plans for the future are undecided but she plans to go out west for a visit. Best of luck, Clara.

WILLIAM ANDREW WEST

"Smile." Do-Do or Duke, as he is most commonly known throughout the halls of good ol' RHS, has lived in Riverview all of his life. He is known for his great level-headedness, but periodically can be seen enjoying himself at some parties. He can also be seen tearing up the streets of Riverview in Mummie's beasty Toyota. Duke plans to attend U. N. B. where he will study engineering. The Grads of '77 wish you the best in the future. Good luck Duke!

ERIC ERNEST THEODORE WILLDEN

"Good times folks, good times!" Eric (RHS's absolute jock) was born in Kingston, Ontario but has been going to Riverview High for six years. Eric takes an active interest in such things as gymnastics, swimming, (He is part fish) drama, and racing around in his cute little buggie. (Vroom-Vroom) Eric is followed by many pairs of female eyes but his heart is under lock and key to a little blonde cutie. Eric doesn't know what he wants to do when he graduates, but whatever it is, we wish him all the luck in the world. He'll need it!!

BRIAN ROBERT WILLIAMSON
Brian is known as Barney or Waff to many of his friends at R.H.S. Brian has been sweeping girls off their feet with his gorgeous big brown eyes. Know where I can purchase a pair? He can be found out at recess at the Butt door and at noon also flirting with the girls. Besides enjoying good parties and fun times Brian loves School, eh Barney! Best of luck from the grad class of '77.

BEVERLY DOREEN WILSON
Bev has been around Riverview High School for four years. Her interests include reading, riding and someone at H.T.H.S. She also sings in the choir at the church, she attends. Bev's future plans are to go to British Columbia to a certain college or to attend Mt. Allison University, in Sackville. She plans to be an accountant. Wishes of good luck are extended to you, Bev, as you enter your chosen career!

DEREK IAN WILSON
Known as one of "The Wilson's", Derek has only been roaming the halls of R.H.S. for a short time. Derek's likes are "sunrises" and "Star Trekkin'". His future is undecided but it's sure to find him doing something he enjoys. Lots of luck, Derek!

MICHAEL THOMAS WILSON
"All right Honky" Even though Mike has just arrived he still fits into good ole R.H.S. Running errands and activities for the school have been keeping him busy throughout the year. His likes include dancing, pool, and anything crazy. His future will see him studying accounting. Good luck Mike from the Grad's of '77!

SCOTT DICKSON WILSON
Although Scott's is a new face around R.H.S., it is still a familiar one. He can be seen pumping gas over at Sear's or bombing around in the white "Firebird". Scott's interests include "Vienna", Montreal, and cars. His future will see him in Winnipeg or Toronto studying business. Best of luck Scott.

MARIAN ANNA WISSINK

She is commonly known to all her friends as "Marian". Marian has only been attending good ol' R.H.S. for the past couple of years but she can always be found in the stands cheering on the football team or standing in front of her locker cheering everybody up. Marian is planning on attending U.N.B. She is interested in studying either general sciences or biology. We wish you the best of luck in the future, Marian.

JAMES ALEXANDER ZAIKOWSKI

"Zack, the track star". Jim came to R.H.S. 3 years ago and it has not been the same ever since. Now the hollowed halls of the school echo with "Did you ever hear the one about . . ." Jim played football for our great Royals and has also wrestled for the school team. Jim helped with the junior volleyball team. He was a member of both the biology and photography clubs. Jim plans to go to U.N.B. and take law. Best of luck from all the grads.

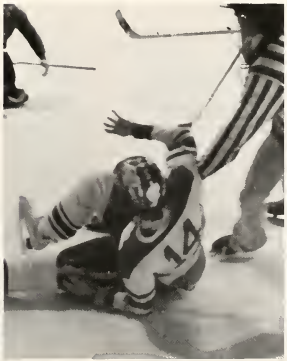
GRAD 77



Best wishes Grads! COLPITTS THE STATIONER, MONCTON & DISTRICT PHARMACEUTICAL ASSOCIATION, DOBSON CONSTRUCTION.

Editors' Message

We have all worked very hard on this year's yearbook, we have tried to capture the excitement and thrills of our last year at R.H.S. and to put them together in a book for you to enjoy now and forever. It is hoped that you will always cherish this book and its memories. Reminiscence and talk about the past but look to the future and always remember "WE ARE TOMORROW".

Special thanks go to our advisors Mrs. Greene and Mr. Carroll without whose help, guidance and friendly gestures this book would not have been a success.

Congratulations Grads!
